Subject: AFOP Meeting Request - EPA Worker Protection Standard Revisions

Hello, Ms. Echols:

I would like to inquire about setting up a meeting for individuals from my association with the appropriate OMB officials to discuss the coming EPA revisions to the Worker Protection Standard for Agricultural Pesticides now under OMB review. The Association of Farmworker Opportunity Program (AFOP) utilizes EPA grants to train and equip trainers who in turn instruct migrant and seasonal farmworkers about pesticide safety. Over the years, we have facilitated the training of tens of thousands of farmworkers. Because of this central role we play in farmworker safety training, we would appreciate the opportunity to meet with OMB to share our views on these important revisions.

I appreciate your consideration of this request. I would be pleased to provide you with whatever information you might need. Please just let me know.

Thank you!
Daniel
